## TROLLEY PROGRESS

**King Street Cars to Soon Reach Fort.**

**FURTHER BUILDING FOR NEXT WEEK**

**Nothing Decided About Ballast Filling for Tract Through the McCully Property.**

Manager Ballentyne of the Rapid Transit Company said last evening that cars would be running regularly over King street from Fort to Waikiki turn on Saturday morning, and that possibly by Tuesday the service would be complete to McCully street. The trolley wire is almost all in position, and only a section or two of track awaits rock ballasting. The company has been pinched for want of stone filling and three quarries have been tapped to supply the company.

Next week the company will also begin the construction of the road along King street from Fort to Liliha. As the company does not wish to block street traffic on this thoroughfare during the construction any more than is absolutely necessary, the excavated dirt will be placed in carts and hauled away as fast as taken out. An empty lot in the vicinity of the track laying will be secured so that the ballast rock and finishing stone and dirt can be brought quickly to the various sections. It is the purpose of the company to string the trolley wire all the way from Fort street to Liliha street at once, the track following as fast as possible. As certain engineering difficulties are to be overcome at the King street bridge crossing Nuuanu stream, Manager Ballentyne does not expect to have the line completed to Liliha street for a month.

Flat rails are to be procured from the coast to place upon the bridge. It is possible the company will cut out a portion of the bridge sufficient to run its track over and strengthen this with timbers underneath, replank it and lay in the flat rails, which will be flush with the bridge surface. The cut-off section will then be bolted to the remaining parts of the bridge and made as one again.

Nothing has been decided about the filling in of ballast for the proposed track through McCully tract. Contractor McKee has yet 10 weeks' time in which to complete the filling, but as yet he has made no move to do so. It is understood that if he were to commence filling this week the entire job would be complete within the contract time.

## MANILA PRESS HAS A LAUGH

**Senor Buencamino's Interviews Here Causes Some Humorous Comment.**

The Manila papers are making merry over the interviews and articles emanating from Senor Buencamino, the Filipino statesman, which appeared in the Honolulu papers. The interviews seem to have touched the Manila press in a humorous spot. The Manila Times of June 11 has the following:

"The ever effervescent and irrepressible Don Felipe Buencamino, the ex-Secretary of the Interior under Aguinaldo and now United States Philippine Civil Service Commissioner, seems to have bubbled all over the Paradise of the Pacific and to have left behind him a trail which even a carabao might follow. Don Felipe doesn't wear bells on his fingers and rings on his toes, but he needs no prophet to proclaim him wherever he goes.

"The last mail which came from Honolulu gives eloquent testimony to these assertions. The newspapers from there read like a Buencamino supplement. From page one to eight you bob up against the Orator of Tondo with a frequency which, to say the least, is disturbing. He is found under various headlines, and in all sorts of out of the way places.

"It seems that Don Felipe, by the medium of an interpreter, gave an ex cathedra exposition of conditions in the Philippines. He was ex cathedra, because was he not a member of the civil Commission? Among other pleasant things which he said was that he fully approved of the policy of General Chaffee and General Smith, for which no doubt the Generals will be duly grateful. The Filipinos will also be grateful to him for the gratuitous information that only by cruelty could they ever be conquered. There are also some other happy statements to the effect that Aguinaldo is a great man and the greatest soldier of the age; that the Philippines should be kept under the sovereignty of the United States until by natural production there are thirty million Filipinos, when independence should be declared, and that the missionaries would at once bring on a war and the assumption of the islands by some foreign power should the archipelago be relinquished by the United States."

Herbert, was killed in an excursion train accident at Denver on June 29. Mr. English was formerly a clerk in the Hawaiian hotel and for a time in 1893 was secretary to ex-Queen Liliuokalani. He is said to have received \$1000 from the Examiner for writing the statement made to that paper on behalf of Liliuokalani, giving her side of the revolutionary troubles. He was a graduate of Oxford University, a cultivated musician and a man of engaging manners. The Chronicle says he was a millionaire at one time. He leaves a widow, the daughter of Mrs. Allan Herbert.
